COMMUNITY INFRASTRUCTURE

Active Transportation Infrastructure Investment Program

Department of Transportation, Federal Highway Administration

DEADLINE: June 17, 2024

AWARD: \$100,000-\$15,000,000; with match

ELIGIBILITY: Local or regional governmental organizations; multicounty special districts; states; multistate group of governments; or an Indian tribe

The ATIIIP grants will allow communities to identify, prioritize, and implement improvements to the largest barriers to safe, accessible, and equitable pedestrian and bicycle network connectivity through the development of infrastructure that will provide substantial additional opportunities for walking and bicycling. Eligible organizations will be able to create plans or implement active transportation networks that connect destinations within or between communities or create plans or implement an active transportation spine connecting two or more communities, metropolitan regions, or States. The ATIIIP also provides an opportunity for eligible organizations to enhance their overall transportation network by integrating active transportation facilities with transit services, where available, to improve access to public transportation. Environmental and Climate Justice Community Change Grants Program

Environmental Protection Agency

DEADLINE: Nov. 21, 2024

AWARDS: Track I grants are expected to be \$10-\$20 million; Track II grants are expected to be \$1-\$3 million each. No match.

ELIGIBILITY: To be eligible, applicants must be a partnership between two community-based nonprofit organizations or a partnership between a CBO and one of the following: a federally recognized Tribe, a local government, or an institution of higher education.

The Environmental and Climate Justice Community Change Grant program (Community Change Grants) will fund community-driven projects that address climate challenges and reduce pollution while strengthening communities through thoughtful implementation. The EPA will consider applications under two separate tracks:

- Track I applications – Community-Driven Investments for Change will focus on multi-faceted applications with Climate Action and Pollution Reduction Strategies to meaningfully improve the environmental, climate, and resilience conditions affecting disadvantaged communities. Awards under Track I are expected to be \$10-20 million each and cannot exceed \$20 million. Examples of projects include Green infrastructure development, Energy efficient housing, Microgrid installation, disaster preparedness “community resilience hubs,” landfill work, workforce development, and more.

- Track II applications – Meaningful Engagement for Equitable Governance will facilitate the engagement of disadvantaged communities in governmental processes to advance environmental and climate justice. Awards under Track II are expected to be \$1-3 million each. Track II applications should focus on breaking down systemic barriers to community participation in government processes impacting environmental and climate justice. This can be done by creating engagement and feedback mechanisms with two-way communications between community members and government decision-makers. Applications should focus on ways to provide disadvantaged communities with information about issues that directly impact them, while simultaneously creating mechanisms for the government to gather input to ensure community needs inform decision-making and are integrated into government processes and policies.
