ANA is interested in supporting community-driven projects that build and strengthen core governmental capacity in the areas of administration and project management at the Alaska Native Village level.

Reconnecting Communities Pilot (RCP) Program

Department of Transportation

DEADLINE: Sept. 30, 2024

AWARDS: Up to \$100,000,000; match required -- 20% for planning grants and 50% for capital construction

ELIGIBILITY: Native American tribal organizations (Federally recognized AND other than Federally recognized tribal governments), nonprofits, local and state governments, institutions of higher education

The RCP Program aims to advance and support reconnection of communities divided by transportation infrastructure – with a priority on helping disadvantaged communities improve access to daily needs (jobs, schools, healthcare, grocery stores, and recreation). Funds for the fiscal years (FY) 2024, 2025, and 2026 RCP grant program are to be awarded on a competitive basis to support planning and capital construction activities that aim to restore community connectivity through the removal, retrofit, mitigation or replacement of highways, roadways, or other infrastructure facilities that create barriers to mobility, access or economic development. Bipartisan Infrastructure Law specifies that the maximum Community Planning Grant award funded with RCP funds is \$2 million and that the minimum Capital Construction Grant award funded with RCP funds is \$5 million. Environmental and Climate Justice Community Change Grants Program

Environmental Protection Agency

DEADLINE: Nov. 21, 2024

AWARDS: Track I grants are expected to be \$10-\$20 million; Track II grants are expected to be \$1-\$3 million each. No match.

ELIGIBILITY: To be eligible, applicants must be a partnership between two community-based nonprofit organizations or a partnership between a CBO and one of the following: a federally recognized Tribe, a local government, or an institution of higher education.

The Environmental and Climate Justice Community Change Grant program (Community Change Grants) will fund community-driven projects that address climate challenges and reduce pollution while strengthening communities through thoughtful implementation. The EPA will consider applications under two separate tracks:

- Track I applications – Community-Driven Investments for Change will focus on multi-faceted applications with Climate Action and Pollution Reduction Strategies to meaningfully improve the environmental, climate, and resilience conditions affecting disadvantaged communities. Awards under Track I are expected to be \$10-20 million each and cannot exceed \$20 million. Examples of projects include Green infrastructure development, Energy efficient housing, Microgrid installation, disaster preparedness “community resilience hubs,” landfill work, workforce development, and more.
- Track II applications – Meaningful Engagement for Equitable Governance will facilitate the engagement of disadvantaged communities in governmental processes to advance environmental and climate justice. Awards under Track II are expected to be \$1-3 million each. Track II applications should focus on breaking down systemic barriers to community participation in government processes impacting environmental and climate justice. This can be done by creating engagement and feedback mechanisms with two-way communications between community members and government decision-makers. Applications should focus on ways to provide disadvantaged communities with information about issues that directly impact them, while simultaneously creating mechanisms

for the government to gather input to ensure community needs inform decision-making and are integrated into government processes and policies. ([Link to grants.gov synopsis here.](#))

OTHER ITEMS OF INTEREST

Weatherization Assistance Program

Alaska Community Development Corporation

Weatherization helps low-to-moderate-income households who own or rent eligible homes: apartments, cabins, condominiums, houses, mobile homes, and multi-family dwellings (duplexes and larger).

Thousands of qualified Alaskans have received free home weatherization in order to bring their homes up to safe, healthy and energy-efficient standards. Weatherization adds years of life to buildings in Alaska's harsh arctic climate. Weatherization also brings the benefit of energy conservation, saving homeowners on their previous heating bills. The Weatherization Assistance Program is available to renters and homeowners throughout the state. A home may be weatherized once every 15 years.

Submit your application to Alaska CDC. Alaska CDC accepts applications year-round. However, there always is a wait list, because most work is done during the construction season. The sooner you apply, the sooner you may be served.
