

# Join the Chugach Region Climate Advisory Council!

## WHO CAN JOIN:

*Interested Elders from each community in the Chugach Region  
(Port Graham, Nanwalek, Seward, Valdez, Chenega, Tatitlek, & Cordova)*

## GROUP GOALS:

### Identification of Climate Related Priorities

By better documenting climate impacts, both current and historical, through Elder knowledge sharing and observations. We will do this during Elder Tea, Zoom meetings, or trainings about the Chugach region and how it has changed by sharing stories about environmental changes in their community.

### Writing a Regional Strategic Plan

With focus on climate priorities for each tribe as discovered and documented by the Chugach Climate Commission, for future climate change work in our region

## FOR MORE INFORMATION:
